

2011 SORC 1 mile Shootout

Posted by ehpantera - 2011/08/16 03:44

2011 Vette 159.5, 159.5, & 161.4 mph.

1973 Pantera 150.4, 157.3, & 158 mph.

Not too bad for an old car and a first time dragger. Pantera's are competitive with the modern stuff but have more class. Final results will be available on the SORC website. Check it out.
