

Reasons to install EFI in your car:

- You want more HP and TQ
- You want it to start and idle every time
- You want it to run like your Honda
- You have a Triple Platinum Master Card and know how to use it
- You are a geek and love computers
- You always wanted to learn programming
- You are better with a mouse then a mallet
- Wires and sensors are your life
- You celebrate Edison's and Tesla's birthdays every year
- You like to wear woman's clothes

Reasons to install Webers:

- You want to learn how to pump a carb 1.5 times (once and it will not start, twice and you will flood it) as it has no choke
- You always wanted 8 single cylinder motors all in one
- You want to learn to curse in Italian
- Elvis' Pantera had a carb
- You enjoy the sound of an old Swiss watch as it ticks
- You like to tinker
- Your grandfathers clock is run by weights and not a D cell battery
- You would rather drink a fine aged Kentucky whisky then a pint of MD 20/20 out of a paper bag
- God has Webers
